• Upwork • 📍 Mexicali, BC, Mexico • Open to remote part-time

Profile

Computer Engineering student at **Universidad Autónoma de Baja California**, seeking part-time remote roles in backend software development. Built and deployed four full-stack/backend projects independently, from database design through production deployment. Comfortable working asynchronously across time zones.

Education

Universidad Autónoma de Baja California *Mexicali, Baja California*
B.S. in Computer Engineering Expected June 2027

- **Relevant coursework:** Data Structures & Algorithms, Databases, Operating Systems, Software Engineering, Discrete Math, Structured Programing.

Technical Skills

Languages	Python, JavaScript, Java, C, SQL, Assembly
Web / Backend	CSS, React, Node.js, FastAPI
Data	SQLite / MySQL
Tools	Git & GitHub, VS Code, Linux (CLI)
Soft skills	Async communication, self-directed, detail-oriented

Projects

Invoice Generator API 🌐 <https://github.com/rrobert8282/invoice-generator>
Python, FastAPI, PostgreSQL, SQLAlchemy, Alembic, JWT, WeasyPrint

- Multi-tenant invoicing API with JWT auth, PDF generation, and Alembic migrations; 57 passing tests. (live demo)

Appointment/Booking Scheduler API 🌐 <https://github.com/rrobert8282/booking-scheduler>
Python, FastAPI, PostgreSQL, Neon, JWT

- Timezone-aware availability engine with a Postgres exclusion constraint to prevent double-booking; JWT-based business auth. (live demo)

Task Manager (Gamified) 🌐 <https://github.com/rrobert8282/task-manager>
Python, FastAPI, SQLAlchemy, React, Vite, WebSockets

- Full-stack task manager with a gamified rewards store and real-time multi-client sync via a custom WebSocket connection manager.

Contact Form Backend with Spam Filtering 🌐
<https://github.com/rrobert8282/contact-form-backend>
Python, FastAPI

- Reusable contact-form API with automated spam detection, built for small business websites. (live demo)

Certifications & Online Courses

- **HackerRank — Python (Basic)** — [certificates/9fa2adf75b5e](#)
- **HackerRank — SQL (Basic)** — [certificates/ef04478584e3](#)
- **HackerRank — Problem Solving (Basic)** — [certificates/dc385056d22f](#)
- **Kaggle — Python** — kaggle.com/.../python
- **Kaggle — Pandas** — kaggle.com/.../pandas

Languages

- **Spanish** — Native
- **English** — Professional working proficiency (C2)
